

# OUTBACK CAMP

## Site Information

The Outback Camp is a woodland clearing which can accommodate one group of up to 30 with their own camping equipment. It is situated about three-quarters of the way down the 58-acre site from the drive entrance (well away from other groups); a 4-5 minute walk down a woodland path from the car park (which can accommodate up to 4 cars). Please note that there is no vehicular access to Outback campsite itself – a metal kart is provided for groups to transport their equipment from the car park. It is a beautiful location, ideal for those groups who want to camp in a woodland location but retain access to good recreational facilities.

Charges for Outback Camp include use of the woods, sports field, all-weather sports field, low-ropes course and occasional use of the sports hall. Use of the indoor swimming pool, instructed activities (pedal-karting, climbing, abseiling, archery, kayaking, open canoeing, raft-building, team development tasks and others) are provided at an additional cost – these are subject to availability and should be booked as far in advance as possible. If you haven't already booked these please call us to arrange this on 01732 361361.

A payphone is not normally available – only urgent telephone calls may be made from the Centre Office (during normal working hours where possible). The Rock Shop (centre tuck shop) is kept well stocked and may be used under a leader's supervision. Please ask for a key on arrival. Conditions for the use of the low ropes course, indoor swimming pool and general centre rules are given in a separate leaflet. You will require qualified first aiders in order to use the low-ropes course and swimming pool.

### **What Rock UK provides;**

The campsite	Metal kart
2 Chemical toilets	Toilet chemicals & 1 pair of rubber gloves
2 Toilet tents inc. pegs	Toilet brush
Campfire site	Rubbish bags
Barbeque & stand	Water carrier
Water stand-pipe (near car park – 4 minute walk)	

### **What you need to provide;**

All tents/pegs for sleeping/cooking tents	Lighting
Cookers & bottled gas, BBQ charcoal	Pots/pans/utensils
Crockery & cutlery	Washing and washing-up equipment
Sleeping bags, blankets, mattresses	Games equipment, mallet(s)
First aid kit	

Please ensure that the logs seats around the camp fire are not burnt. Please clean out the Barbeque after use and remove all left-over food. When you leave, all equipment provided by Rock UK should be returned in a clean and undamaged condition. You will need to empty out and clean the chemical toilets yourselves. A hosepipe and manhole are available for you to do this.
